</table>

Using lye and vegetable oils, animal fats or both, we have created various sized bars of literally just plain soap. This soap maintains all of its original properties, including glycerin which is removed from commercial soap. Please indicate your preference of components below.

Price is "per-pound" - bulk soap to make your own creations.

This soap is perfect for using in your family's own soap creations: laundry soap, shampoos, body washes, hand-soap, etc. through a variety of methods including melt and pour and re-batching. It can also be used as a stand-alone cleaning bar.

***Can be used in the Montessori or other classrooms for the children's wash-work or a soap-making activity.***

This IS a complete soap - it is not a "glycerin-soap" - all glycerin and other components are kept together during the soap-making process, so that you are getting a truly "complete" soap.

Ingredients: Water; Sodium Hydroxide (lye); (choice of) vegetable or animal fat; vitamin E

YOU add the rest - whatever you like!

If you would like a specific oil or fat to be used, please indicate in the box below.

Currently our soaps use tallow (beef fat), safflower and soybean oils.

Please continue to check back as we add to our soap-making supplies: molds, fragrances, oils, and essences.

### Laundry Soap - Powder

This unscented powdered laundry soap, made from our Just Plain Soap, is perfect for general purpose laundry and is allergen free for most people. Ingredients are basic and all-natural.

Quantity is by the cup.

Each cup will do 8 normal loads.

This pricing is comparable to the usual price for the less expensive national brands of laundry detergent.

This laundry has all the cleaning power of laundry detergent, but does not suds in the same way, therefore it will not clog pipes or leave residue behind.

Use as a powder or gel. Instructions will be included with all new orders on how to turn the powdered form into a gel form and how to use it.

Can be used in the Montessori or other classrooms for the children's wash-work.

**NOTE FOR VEGANS:** All vegetable soaps are made in separate locations at separate times with separate materials, to maintain the purity of the final product.

Use dry: *2 tablespoons* per load is all that is needed, with an occasional extra 1/2 - 1 tablespoon for heavy loads. Some people add another tablespoon of baking soda for the heaviest loads (diapers!).

Natural Wood Pencils - Bulk

These natural wood pencils with white erasers and different colored ends are just the thing for most homeschool families!

The natural wood casing does not cause concerns for little ones (or older ones!!!) who may inadvertently chew on the pencil.

***THIS ITEM IS ON TEMPORARY BACKORDER WHILE WE SEEK A NEW MANUFACTURER/SUPPLIER FOR THESE PENCILS.***

World Felt Puzzle Map

This felt world puzzle map is made with three layers of felt - the first is a full piece, with the hemisphere fusible webbed, and continent shapes composing the third layer.

The colors match the Montessori continent colors.

By popular request and customer input, this item WILL continue as a Garden of Francis product, but it is different from our original version: the continent shapes are outlined with paint on the hemispheres; the continent pieces will not recess into the hemispheres as previously.

We also offer this item as a roll out mat or wall-hanging with all pieces fusible-webbed together.

We continue to offer our wooden world puzzle map, painted or unpainted.

While this felt map does not have the stiffness of the typical wood maps, this one will roll or fold easily, can still be traced by older children (it will take a bit more skill), and still provides the visual and manipulative aspects of locating the continents on the world map.

Size small is 18x24 inches, or approximately the size of the wooden puzzle maps.
Size large is 24x36 inches.
Size x-large is 36x48 inches.

Included by option are lesson plans modified for the felt map version.

Just Plain Soap - Bars

Pure Soap - just plain soap - that's all it is. Complete soap as well - nothing has been added OR removed. Use as it is or create your own soap with your family.

Using lye and vegetable oils, animal fats or both, we have created various sized bars of literally just plain soap. This soap maintains all of its original properties, including glycerin which is removed from commercial soap. Please indicate your preference of components below.

Price is "per-bar" - each bar is 4 - 5 ounces.

This soap is perfect for using in your family's own soap creations: laundry soap, shampoos, body washes, hand-soap, etc. through a variety of methods including melt and pour and re-batching. It can also be used as a stand-alone cleaning bar.

***Can be used in the Montessori or other classrooms for the children's wash-work or a soap-making activity.***

This IS a complete soap - it is not a "glycerin-soap" - all glycerin and other components are kept together during the soap-making process, so that you are getting a truly "complete" soap.

Individual Bar Soap will come in 4.0-5.5 ounce bars, individually wrapped and labeled. This packaging is best for families who wish to use the individual bars as they are, or would like each person to create their own individualized bar of soap.

Ingredients: Water; Sodium Hydroxide (lye); (choice of) vegetable or animal fat; vitamin E

YOU add the rest - whatever you like!

If you would like a specific oil or fat to be used, please indicate in the box below. Currently our soaps use tallow (beef fat), safflower and soybean oils.

Please continue to check back as we add to our soap-making supplies: molds, fragrances, oils, and essences.

Give the Child the Earth - Primary Montessori Homeschool

These lesson plans will provide families with a support structure in which to introduce Montessori experiences with preschool and kindergarten aged children, without replacing an entire curriculum or purchasing ultra-expensive materials (or spending hours making everything!).

Based on the understanding of education as an aid to life and the Montessori principle of giving the child the world, these lesson plans will assist families in setting up an environment that meets the needs of each child in the home as well as those of the family unit. The youngest children will have real experiences with real objects, which will build a strong base for imagination, creativity and serious study at an older age.

This is NOT a complete curriculum, but is a supplement for providing a Montessori environment within the home. Montessori is about more than work on trays or items laid out on shelves; it is about exploring the world that God created, learning real facts about real experiences; grounding oneself in reality while working to build one's own self, so that true creativity blossoms at the appropriate time.

Included will be outlines and details for setting up your homeschool environment in a manner that meets your children's needs where they are at, taking into consideration the younger (and older!) members of the household. These plans will be easily adaptable to whatever curriculum already in use or can be used without any curriculum for this youngest age. It is intended to be a support rather than a replacement; something to aide the family in putting cosmic education into place in their home.

Stand-alone subject-area guides are available separately.

For elementary level lessons, please see Give the Child the Universe.

Building on the foundation provided in Give the Child the Earth and Give the Child the Universe, the Movement, Art & Music Guide provides specific information on providing the Montessori lessons at both primary and elementary for activities like

- *the Silence Game*
- *Walking on the Line*
- *Striking the Bells*
- *Creating Music*
- *Language of Music*
- *Drawing what you see*
- *... and more*

We have combined these three areas of the Montessori experience to tie together their unique spiritual qualities - God has created beauty for all of us to enjoy. These areas (silence, music and art) assist in not only understanding and appreciating that beauty but assist us in becoming co-creators in that beauty. All of the Montessori materials, when used with the right atmosphere, affect us at a spiritual level, because they are so essential and these areas are the most clear in this regard.

Music and art lessons will include appropriate language lessons, such as those on composers, artists, genres, instruments, history and development of art and music (including within the Catholic Church) and more.

Materials are not included, but guidance on where to find them IS included.

Photographs and drawings are included as appropriate to make these guides as easy as possible for a busy homeschooling parent to implement with the children.

All of our Montessori guides at the Garden of Francis are clearly, fully and solidly Catholic. Options are available for general Christian and for secular - please specify when ordering.

Please indicate your preference of components below.

Price is "per-bar" - each bar is 4 - 5 ounces.

This soap is perfect for using in your family's own soap creations: laundry soap, shampoos, body washes, hand-soap, etc. through a variety of methods including melt and pour and re-batching. It can also be used as a stand-alone cleaning bar.

***Can be used in the Montessori or other classrooms for the children's wash-work or a soap-making activity.***

This IS a complete soap - it is not a "glycerin-soap" - all glycerin and other components are kept together during the soap-making process, so that you are getting a truly "complete" soap.

Individual Bar Soap will come in 4.0-5.5 ounce bars, individually wrapped and labeled. This packaging is best for families who wish to use the individual bars as they are, or would like each person to create their own individualized bar of soap.

Ingredients: Water; Sodium Hydroxide (lye); (choice of) vegetable or animal fat; vitamin E

YOU add the rest - whatever you like!

If you would like a specific oil or fat to be used, please indicate in the box below.
Currently our soaps use tallow (beef fat), safflower and soybean oils.

Please continue to check back as we add to our soap-making supplies: molds, fragrances, oils, and essences.

Great Lessons - the Stories

Printed versions of the modified Montessori Great Lessons
See: Catholic Hearts - Catholic Montessori Great Lessons for modified versions of the stories.

These stories are printed on card-stock, laminated and bound together. When appropriate, images, demonstration moments and movement instructions have been included.
The creation story (God with No Hands) is appropriate for academic homeschool (include the experiments/demonstrations as an introduction to science and geography) as well as the atrium (keep the images, but leave out the experiments; add the portion from Genesis).
All other stories are appropriate for homeschool, not for inclusion within the atrium itself.
Choose the stories you would like order from below. For multiple quantities, please adjust in the shopping cart.
The Five Great Lessons:
God with No Hands (or The Creation Story)
Coming of Life
Coming of Human Beings
Story of Writing (or The Story of Communication in Signs)
The Story of Numbers

Great Lessons - Chart images

Chart Images for The Great Lessons in the Montessori classroom and Catechesis of the Good Shepherd atrium.

See Catholic Hearts - Catholic Montessori Great Lessons for modified versions of the stories. Printed versions are available here.

These images are smaller than the original and correlate with the Great Lessons, as used in the elementary Montessori classroom. These visual aids provide just enough food for the imagination to stir it up, without giving so much it impedes creativity.

Currently we offer one size: 8 1/2 x 11. Larger sizes can be special ordered; please use the Contact Us page before ordering to receive a price quote.

Notes:
*The Story of God with No Hands is the Montessori creation story and is used in both the elementary classroom and the CGS atrium
(no other stories are used in the Catechesis of the Good Shepherd atrium)
*Story of Numbers images will be half the ordered size as the images are ordinarily half the classroom image size.
*The Story of the Coming of Human Beings has no images during the story itself, therefore I offer none here.
Additional charts and time-lines will be available in the near future.
These come printed on photo paper for you to mount in a manner of your choosing (ie on cardstock, posterboard or other form). You may choose to place them in small frames or otherwise reinforce the edges for use in your homeschool or atrium.

The Five Great Lessons:
The Story of God with No Hands (or The Creation Story)
The Story of the Coming of Life
The Story of the Coming of Human Beings
The Story of Writing (or The Story of Communication in Signs)
The Story of Numbers

Give the Child the Earth - Primary Montessori Homeschool

These lesson plans will provide families with a support structure in which to introduce Montessori experiences with preschool and kindergarten aged children, without replacing an entire curriculum or purchasing ultra-expensive materials (or spending hours making everything!).

Based on the understanding of education as an aid to life and the Montessori principle of giving the child the world, these lesson plans will assist families in setting up an environment that meets the needs of each child in the home as well as those of the family unit. The youngest children will have real experiences with real objects, which will build a strong base for imagination, creativity and serious study at an older age.

This is NOT a complete curriculum, but is a supplement for providing a Montessori environment within the home. Montessori is about more than work on trays or items laid out on shelves; it is about exploring the world that God created, learning real facts about real experiences; grounding oneself in reality while working to build one's own self, so that true creativity blossoms at the appropriate time.

Included will be outlines and details for setting up your homeschool environment in a manner that meets your children's needs where they are at, taking into consideration the younger (and older!) members of the household.

These plans will be easily adaptable to whatever curriculum already in use or can be used without any curriculum for this youngest age. It is intended to be a support rather than a replacement; something to aide the family in putting cosmic education into place in their home.

Stand-alone subject-area guides are available separately.

For elementary level lessons, please see Give the Child the Universe.

All of our Montessori guides at the Garden of Francis are clearly, fully and solidly Catholic. Options are available for general Christian and for secular - please specify when ordering.

Snap Training Pants
Cloth training pants - with a snap! (actually 6 snaps)

These handmade cloth training pants are designed with snaps on the sides for when accidents happen - or when your daytime-only-potty-trained child falls asleep.

The child can change his or her own underpants on good days - and you can use the snaps to change your child like you would a diaper or pull-up.

100% cotton is natural and the child feels wet when he's, well, wet. Feeling the moisture as it cools on one's skin encourages the child to remember to use the regular toilet.

These cloth training pants are not waterproof - they have 4 water-absorbent layers and two cover layers, but they can and will leak if filled too much.

By customer request, waterproof layering is available as an additional option. The waterproof layer will be just inside the outer cover layer. We strongly recommend to not depend on the waterproof layer, instead remembering to remind your child to use the bathroom every so often, to facilitate toilet awareness and slowly but surely develop independence. This waterproof layer is not 100% waterproof, but will slow leaks - especially for those well-meaning children who are on the way to the bathroom when it happens!

Currently available in the following colors only:
white, black, red, lime, navy, orange, pink, purple, brown, teal

These contour diapers fit inside most diaper covers for children in sizes small and above.

Thick layers of soft cotton and terrycloth create a very absorbent diaper which can be used temporarily as a stand-alone diaper using pins or snappies, without the use of a diaper cover.

Otherwise, they fit inside diaper covers without the use of pins or snappies.

These inserts should work for a variety of diaper covers, but if you are using other covers and would like inserts custom made, please Contact Us for a custom order.

## Laundry Soap - Powder

This unscented powdered laundry soap, made from our Just Plain Soap, is perfect for general purpose laundry and is allergen free for most people. Ingredients are basic and all-natural.

**Quantity is by the cup.**

Each cup will do 8 normal loads.

This pricing is comparable to the usual price for the less expensive national brands of laundry detergent.

This laundry has all the cleaning power of laundry detergent, but does not suds in the same way, therefore it will not clog pipes or leave residue behind.

Use as a powder or gel. Instructions will be included with all new orders on how to turn the powdered form into a gel form and how to use it.

Can be used in the Montessori or other classrooms for the children's wash-work.

**NOTE FOR VEGANS:** All vegetable soaps are made in separate locations at separate times with separate materials, to maintain the purity of the final product.

Use dry: *2 tablespoons* per load is all that is needed, with an occasional extra 1/2 - 1 tablespoon for heavy loads. Some people add another tablespoon of baking soda for the heaviest loads (diapers!).

Dirty Cloth Diapers Bag

Washable, waterproof, handmade bag perfect for dirty diapers and clothes until you can get them into the wash, then toss it in with the rest of the dirty diapers laundry.

Currently available in white or blue only; more colors added soon.

Note: The blue is water-resistant, not water-proof; it will leak if it becomes too wet (AIOs rolled up will not cause a problem; heavily wet inserts without a cover wrapped around them will potentially leak through).

The white is entirely water-proof except at the seams where some seepage could occur if the bag is filled with liquid (in other words, diapers will not cause a problem ;)).

Size:
Small will hold 4 large Bumkins AIO.
Large is double the small.

*Lightweight and durable

*Machine or hand wash, hang dry

Combined with the inserts, these covers are the most economical cloth diaper choice. Each cover can be rinsed

Suggested amounts:***

**Modest Bras & Camisoles**

Modest bra for moms and teenage girls in all stages of development:

- Modest, shelf-bra style front, with clasp back and...
  - adjustable shoulder straps
  - modest panel inside bra: layer of thin panel-padding

  (this lining allows for maximum modesty and maximum breadth of sizes, smoothing out lines in a beautiful and modest manner, without adding to bulk) These are not "padded" bras which add bulk to each side and accentuate shape, but a panel that smooths out the shape, providing beautiful modest coverage. Some people have used the term shelf bra to describe these bras, with most of the support being underneath and modest coverage across the front.

  - Available in white, beige or brown, to blend with skin tone if you like, with variety of inner lining colors.

These bras provide the greatest ease of use in all stages of development - modest training bra, through the growing years, nursing bras and beyond.

Modest bra for teens: with or without the camisole, it is not tight-fitting in the area of growth, allowing for plenty of adjustability in growing young ladies.

Modest bra for nursing moms: Snaps or buttons added to the top allow it to be pulled down and tucked into the elastic band while nursing while covering the other side.

Modest bra for all ladies in between: Easier to fit than most bras with the panel versus cups. Additional support can be built-in for larger sizes.

Can be custom-made for additional fee: lower neckline, v-neck, extra support in cups, camisole, nursing style. If you don't see an adaptation you like, please Contact Us.

All clothing items, unless otherwise specified, are made to order and will take approximately 3 weeks from placement of order to receipt of the product. | Kids Great Adventure - Card Game             | Great Adventure Kids Bible Card Game Set  
by Emily Cavins & Sarah Christmyer  
Illustrated by Eileen McCook  
The Great Adventure Kids Bible Card Game Set is a fun-filled and beautifully illustrated system designed to teach children as young as three the "big picture" of salvation history. Kids young and old — and adults, too — will have fun while learning the story of the Bible. Instructions for five games are included, from the easier "Go Fish" and "Rummy" concepts to the more complex "Doubt It" and "Spoons." These cards are designed to help players learn the progression of the periods of Bible history by color as well as recognize key characters, events and Bible references. The games can be played with a small group or with a larger one in a classroom or religious education setting.

## Bible Timeline Cards

These beautiful images can be used in conjunction with the 1st grade lesson plans from Catholic Heritage Curricula, or as a stand-alone timeline project; they correlate with the topics presented in the New Catholic Picture Bible, a highly recommend Catholic children's Bible.

These images are taken from a variety of styles including icons, eastern art, Renaissance and others. This Old Testament set includes two additional images. One is an image of two maps of Israel corresponding to #43 in the NCPB which has no image. The other is an image of Christ the King - in our family, we use this image at the very beginning of our timeline to show that Christ the King was present at the beginning of time and that all time belongs to Him.

E-format is available immediately upon payment for your personal printing at any size you like.

The paper versions will be printed on high-quality white cardstock - 4.25 x 5.5 inches. If you desire a larger card size, please use the Contact Us page before ordering.

Lamination will go just to the edge, with rounded corners.

## Catholic Family Bible Study

COMING SOON! Pre-orders are accepted; you will receive an invitation to join the online yahoo group with access to the work in progress and the full version when it is ready.

A complete, multi-level Bible study that can be used for specific ages or for the entire family at the same time. The course begins with an overview of the Bible and Salvation History, then moves into the highest moment of our history: the life of Jesus. As we then return to the beginning of the Bible and proceed book by book, we can explore the riches of the Old Testament and all that it foretold about the coming of Christ through the end of time. We will then return to the Gospel accounts on a deeper level and proceed the remainder of the New Testament.

Intended to be easily adaptable for every Catholic family, taking any length of time as determined by each family.

This book will be available in multiple formats, including print/hole-punched to insert into a binder of your choice, spiral bound or e-format (with price reduced to compensate for shipping charge).

Control and Mute strip - you add the ribbon (see our ribbon here) to each strip, and the other images appropriately.

If you order the ribbon with these strips, you can also choose to have us mount the ribbon for you via the options below. The soft felt is light weight, durable, easily washable and "does not require expensive lamination"!!! That was the best part for us! For our home version, we created our images out of layered felt to stitch onto the control and place onto the mute. Our text cards use sewn-on clear CD pouches on the control and are laminated to place onto the mute (though it would be so lovely to embroider them!). You’ll need to work out a good solution for your own atrium.

The Basic Set is just the two long strips of felt.

Now available: The complete set noted below includes everything you need to complete the Blue Unity, except the wood pieces and the ribbon: enough felt in each color to create the images for both the control and mute, printable fabric with the texts, fusible webbing to iron on the completed pieces. You will need to cut and assemble, but you will not need to purchase anything else to have a complete Blue Unity. You can order the wood pieces by clicking here. The painted version is the set that comes with the Scripture texts.

***The complete set price does *not* include the ribbon-mounting fee.

Topographical Map of Israel for use in homes or in atrium.

Catechesis Wooden 2-D Figures - General Information

Wood Products - Level 1

Wood Products - Level 2

Wood Products - Level 3

Wood Products - Remaining Figures & Materials

Wood Products - Level 1 - Painted

Wood Products - Level 2 - Painted

Wood Products - Level 3 - Painted

Wood Products - Remaining Figures & Materials - Painted
The Catechesis of the Good Shepherd atrium at each level requires specific materials for figures, housing and the like. While many things can be made of cardboard, foam board or other inexpensive and easy-to-cut items, wood itself is preferred - not only for the durability but for the connection to the "real" world - God's creation.

Not every catechist has access to the necessary tools (and sometimes to time and space!) to cut every wooden piece for the atrium. Therefore we have been blessed with the opportunity to continue to offer the wood pieces here at Garden of Francis.

These wooden figures for the Catechesis of the Good Shepherd are offered with the following points in mind:

The Spirit of the Catechesis: 32 Points of Reflection
24. The tasks of the catechist include... preparing the materials oneself as much as possible while collaborating with others in areas that are beyond one's abilities
25. The reasons why the catechist is requested to make the materials with his/her hands are:
   to absorb the content more deeply;
   to combat hurry, consumerism and even excessive &quot;efficiency&quot;;
   to pace oneself more to the rhythm of the child and thus also - or so we believe - to the working of the Holy Spirit;
   to try to reach the integration of hand, mind and heart.

All figures will come sanded, with every wood piece you'll need, but entirely unassembled, including detachment from bases. They will be ready for you to put together and paint. No hardware (hinges, etc) will be included so that you might have as much involvement in the work as possible.

Hardware: We are now offering brass hinges for sale as a separate listing.

Note on painting: They do not have to be perfect! The children will love them however you paint them!

Montessori/CGS hint: paint markers. They come in many colors and a variety of tips. You're coloring rather than painting and it goes so much easier, faster and cleaner! We are working on reseller agreements with either Sharpie or Elmers so that we can offer them to you here at Garden of Francis.

Painting: While we cannot assemble the pieces for you, we can add painting if you absolutely cannot do it. This work will add to processing/shipping time to give time for the paint and polyurethane to dry.

Please note: Due to the time it takes to make quality items for you and your atrium, the wood figures *may* take...
Frugal note: Most houses and scenery can be easily done with propped wood rectangles, thick cardboard, diptychs, triptychs or other options. We do offer unassembled houses for sale in their level-appropriate categories, as well as blank diptychs and triptychs. Generic (blank) diptychs and triptychs are available in the Wood Products - Remaining Figures & Materials listing.

Booklet: Lesson plans included as an option. Note: this is NOT a booklet for the children.

See Available Colors

Additional Material: Cloth-based tray included as an option (please indicate color desired).

OR Perfectly suited to these folding napkins is our square wood tray available at Garden of Francis.

Working mats for the Catechesis of the Good Shepherd atrium; available in waterproof vinyl or stiff cotton with a variety of closures. Use color-coordinated edging for each area of the room - see suggested colors below.

Children will each have a defined work space, which aids them in keeping their work under control, while others know what space into which they can walk/move items. Mats are primarily used for 3-6 year olds, with the 6-9 year olds using some; most 9-12 year olds prefer to be at a high or low table and do not generally need mats.

Closures: Can be made with or without a closure, so that you may use rings if you like (color-coordinating shower curtain rods work GREAT!). Choose none, elastic, velcro, snap, or ribbon-tie.

Small mats are ideal for working at a table: 16x24 inches  
Large mats are ideal for working on the floor: 23x29 inches  
For a limited time - square mats: 17x17 inches (in cotton only)

Choose from stiff cotton or waterproof nylon.  
**Suggestion:** Use waterproof for pouring and practical life; cotton for the remaining works

Suggested colors:  
Infancy Narratives: White  
Passion: Dark Red  
Parables: Blue  
Liturgy: Yellow  
Geography: Green  
Prophecies or Old Testament: Purple  
Holy Bible: Brown  
Baptism: Bright Red  
Practical Life: Any other color or shade of a previously used color  
Plant & Flower care: Light Green

Note: for practical life, you may want a specific color for specific types of practical life (metal polishing, pouring, cutting, etc.) - all of the color shades are available for this purpose.
Altar Cloth and Linens

This beautiful white altar cloth will increase your child's love and reverence for the Mass. They are used in the Catechesis of the Good Shepherd atrium, or can be used at home or in schools.

The coordinating miniature altar cloths are excellent for teaching love of the Eucharist, the names of each item Father uses at Mass and their purposes.

The cloth used is 100% cotton broadcloth or 100% cotton linen.

“Set” Choices:
Altar Cloth “Set”: The altar cloth is white only. It is made to order for the size of your altar, or default size is 18x24. Please note in comments any adjustment to size.

Please choose if you would like a simple, elegant lace stitched around all four edges or lace hanging down two sides (which helps the child to “balance” the cloth on the altar). If you would like lace hanging down both sides, the default length is 6 inches; if your altar is taller and you would like it hanging to the floor, or any other adjustments, please note that in comments as well. If you do not include a note, I will not know if you want lace around 4 sides or just on 2 :)

Altar Linens Set: The first set is all-white and includes the following: burse and veil made from a silky-type cotton, finger towel made from a soft cotton, and corporal, purificator and pall made from the same fabric as the altar cloth.

Additional Altar Linens Set: This set of 3 burses and 3 veils includes each of the remaining three liturgical colors.

Additional Options:
Embroidery: Embroidered crosses can be added to appropriate materials for a small fee. Otherwise, all pieces come plain, for you to embroider or otherwise add the crosses of your own accord.

### CGS - Additional Booklets

Additional CGS booklets listed here. The file name indicates the general level of use, recalling that anything in level 2 can be used in level 3 for children new to the atrium.

Additional booklets will be added as they are checked for errors and formatting.

Some pages still need images, but so many are asking for these booklets, we are posting them for you now. Printed booklets will come with images intact; those of you downloading can add your own images or leave a message that you would like them when they are ready.

To order: To order the same number of each book: Please click on all the files/books you want, then type in the quantity of each one you would like. To order a different number of different files, please add them to your cart separately. (keep in mind: once you have the downloadable file, you may use that within your home or parish multiple times).

### CGS-inspired Booklets

Each booklet in this listing is inspired through work of the Catechesis of the Good Shepherd but is not part of any training course or an integral part of the atrium or at-home CGS.

These booklets provide additional information on various liturgical topics in a Montessori/CGS style format. We found them most useful for older children coming into an atrium experience without previous exposure, as well as for parents to brush-up on the teachings in a to-the-point manner.

As with our other booklets, they are available in both download and printable versions. Please choose the booklet and print format for each booklet you would like to order.

More may be added from time to time as they are developed.

Sample pages will be added soon.

CGS - 3D - 3-Dimensional Figures

Our Catechesis of the Good Shepherd 3-dimensional figures are made of an inner frame and an outer layer of plaster cloth.

Size: The figures are 4-4.5 inches tall.

You can choose to have them glazed or unglazed. They can be painted or unpainted.

Please choose the sets you would like to order. Use the comments box to provide any additional information we can use to assure you get the figures you want. The quantity box indicates the number of each set you would like.

Secret of frugality: For the infancy narratives, our recommendation is to use various nativity sets picked up from donations, Goodwill or other places. Mix and match pieces for each scene. Two of my trainers pointed out something very interesting: keep Mary the "same" (clearly the same woman) in all infancy narrative sets within an atrium space OR keep all the Marys entirely different (as various representations of what Mary could have looked like). Don't make two match and the other 3 different.

We do offer just a baby Jesus in the manger (removable baby).

For the Adoration of the Magi, the absolute BEST Mary & Child we have found is a figure from Fontannini (which we are trying access wholesale).

The Presentation in the Temple is the tricky one to piece together cheaply and the most fun for us to make :) If you decide to order from us, please indicate in the comments section if you would like us to include the basket of the offering for Joseph to carry, or if you will be providing that piece and what it is like so we can make the figure appropriate for it.

Flight into Egypt: Fontannini also carries a one-piece figure of this image, which we are also trying to obtain as an additional option to our clay version.

The Cenacle figures will come to you painted or unpainted as you like; you may choose to add symbols to them or the apostles' names to the underside for the level 2 children.

Please choose the Empty Tomb figures according to the Scripture you will use in your atrium. The version enclosed in our Scripture booklets is from Matthew.

The Empty Tomb figures:
Matthew - 2 women, angel, 2 guards, Jesus
Mark - 3 women, angel
Luke - 3 women, 2 angels
John - 1 woman, 2 men, Jesus
Interchangable Set - 3 women, 2 angels, Jesus, 2 men, 2 guards

If we have missed any figures, or if there is anything we can make for you, please Contact Us!

Scripture Booklets - Level 2

Catechesis of the Good Shepherd Scripture booklets are available as download or in hard-copy.

The sets listed here are for use in the level 2 atrium (ages 6-9). See our other postings for Level 1 Booklets.

You will see some overlap here with the level 1 booklets.
For those "downloading" all booklets for levels 1 and 2 - order as follows:
Order only one set of Kingdom parables (from either level)
Order only the level 2 Infancy Narratives; printing out the first 5 narratives for use in level 1 - print all 6 for use in level 2.

For "printing" - our product listing presumes that you will have two separate atrium spaces for levels 1 and 2 and that you will need a complete set in each. ***If this is not the case (you can use all your level 1 booklets for level 2 and only need the additional specifically level 2 booklets), a chart will soon posted here for ease of ordering.

Printed CGS booklets: Bound versions come to you on sturdy cardstock, laminated and bound according to your indicated choice below. The corners are rounded and will last for years.

PRINTING INSTRUCTIONS:
Basic: Tell your printer to print two pages to a sheet; print onto color of paper indicated in file name. Cut the pages in half and bind with rings or staples or other choice of binding.
If using a wrap-around cover, assure that you print each title page on its own sheet.
Beyond Basic: The pages are currently listed in order; you can use your own printer settings to print in any style you like.
NOTE: we have not been able to work out all printer possibilities. Please Contact Us if you are at a loss. The idea is to make this as simple as possible ;)

If you prefer just printing and binding without the lamination (cover will be cardstock, pages will be printer paper), please order the "download" version and include a note in the comments box at check-out.

Each set is the complete set of pages or title pages for each area (infancy, parables, passion, etc).

**PRINTING INSTRUCTIONS:**

Atriums associated with the Traditional Latin Mass or more traditional-minded priests will want to order the complete set. Other atriums will want to order only the pieces corresponding to what their priest actually wears.

**Liturgical Vestments - Chasubles**

Miniature and doll-size chasubles for use in learning the liturgical colors, vestments of the priest and perfecting control of movement skills. These are used in the Catechesis of the Good Shepherd atrium as well as can be used in schools and homes.

These sets contain the four main liturgical colors as utilized in the Catechesis of the Good Shepherd: purple, green, red and white. Additional colors can be individually ordered clicking here for additional components or Contact Us for a more particular request.

Both sizes are intended to be hung on 2-dimensional stands. The 2-dimensional stand represents "any" priest (versus 3-dimensional figures in the atrium which represent historical figures).

"Doll-size" chasubles are approximately 12 inches tall.
"Miniature" chasubles are approximately 16-18 inches tall.

We use a 100% cotton light-weight broad-cloth for the main garment. The trimming is a gold-weave ribbon. If you would prefer to provide the fabric, $5 will be deducted from the final cost; same for the trimming.

Special orders on the trimmings or sizes can usually be accommodated for an additional fee. Please indicate below in the special order box, then send a photograph with the desired appearance.

World Felt Puzzle Map

This felt world puzzle map is made with three layers of felt - the first is a full piece, with the hemisphere fusible webbed, and continent shapes composing the third layer.

The colors match the Montessori continent colors.

By popular request and customer input, this item WILL continue as a Garden of Francis product, but it is different from our original version: the continent shapes are outlined with paint on the hemispheres; the continent pieces will not recess into the hemispheres as previously.

We also offer this item as a roll out mat or wall-hanging with all pieces fusible-webbed together.

We continue to offer our wooden world puzzle map, painted or unpainted.

While this felt map does not have the stiffness of the typical wood maps, this one will roll or fold easily, can still be traced by older children (it will take a bit more skill), and still provides the visual and manipulative aspects of locating the continents on the world map.

Size small is 18x24 inches, or approximately the size of the wooden puzzle maps.
Size large is 24x36 inches.
Size x-large is 36x48 inches.

Included by option are lesson plans modified for the felt map version.

Great Lessons - Chart images

Chart Images for The Great Lessons in the Montessori classroom and Catechesis of the Good Shepherd atrium.

See Catholic Hearts - Catholic Montessori Great Lessons for modified versions of the stories. Printed versions are available here.
These images are smaller than the original and correlate with the Great Lessons, as used in the elementary Montessori classroom. These visual aids provide just enough food for the imagination to stir it up, without giving so much it impedes creativity.

Currently we offer one size: 8 1/2 x 11. Larger sizes can be special ordered; please use the Contact Us page before ordering to receive a price quote.

Notes:
* The Story of God with No Hands is the Montessori creation story and is used in both the elementary classroom and the CGS atrium (no other stories are used in the Catechesis of the Good Shepherd atrium)
* Story of Numbers images will be half the ordered size as the images are ordinarily half the classroom image size.

* The Story of the Coming of Human Beings has no images during the story itself, therefore I offer none here. Additional charts and time-lines will be available in the near future.

These come printed on photo paper for you to mount in a manner of your choosing (ie on cardstock, posterboard or other form). You may choose to place them in small frames or otherwise reinforce the edges for use in your homeschool or atrium.

The Five Great Lessons:
The Story of God with No Hands (or The Creation Story)
The Story of the Coming of Life
The Story of the Coming of Human Beings
The Story of Writing (or The Story of Communication in Signs)
The Story of Numbers

Young Children and Worship Materials - Complete Sets

Wood set of people figures, camel, sheep and Zaccheus’ tree for the Young Children and Worship* Sunday School program - Sonja M Stewart and Jerome W Berryman, author of Godly Play. 141 figures total.

Figures for these materials are 1/4 inch thick birch plywood and the basic set comes with unattached bases. This set of figures comes complete with enough figures for all presentations - 141 figures total including the Nativity camel, Zaccheus’ tree and the sheep.

The basic set includes 15 People of God figures to be used in two presentations. We offer additional sets in groups of 5 below as the program sometimes calls for “enough for each child plus 6 extra”.

The sizes of all figures approximately match the sizes in the Young Children and Worship patterns.

Additional options:

*Glazed - coat of water-based polyurethane
*Attach the bases prior to shipping
*Wooden liturgical calendar
*People of God - additional set of 5
*Lenten Puzzle - made of wood, covered in textured purple paint on one side; white on the other
*Further options listed below
*Ark Animals: 5 pair of 2D animals
*Nativity Animals: 3 animals

Wood-cut scenery and fabric pieces available below. Fabric selections come with all that you need for what is noted (ie the felt set includes enough felt for all presentations, when cut properly). The cotton set includes enough for all satin requirements as well - our cotton is amazingly satiny already :) The numbers next to each wood-cut piece indicate the session numbers which require that material, as a guide if you want to order duplicates.

Looking for other modifications? Or need just specific sets or pieces? Please contact us with your request and we will do what we can for your Young Children and Play needs.

### Following Jesus: Young Children and Worship - Complete Sets

Wood set of figures and tree for the Following Jesus: More About Young Children and Worship* Sunday School program - Sonja M Stewart and Jerome W Berryman, author of Godly Play.

106 figures total in the "basic set" - which equals one of each figure and the olive tree as given in the book. The "complete set" contains multiples of the figures as listed in the book - some have 13 copies!

Figures for these materials are 1/4 inch thick birch plywood and the basic set comes with unattached bases.

#### Additional options:

- **Basic set** - one of each figures and one tree
- **Complete set of figures** -- includes multiples of figures as noted in the book's materials list, with 3 trees
- **Glazed** - coat of water-based polyurethane
- **Attach the bases prior to shipping**
- **Add the Nativity figures from Young Children and Worship (original book)** - 7 figures and Bethlehem scenery pieces
- **Add the Good Shepherd set from Young Children and Worship** - 2 sheepfolds, 10 sheep, 10 people, Good Shepherd, altar-table
- **Other options available below**

*****The number in the parenthesis indicates the session numbers for which the scenery pieces are used; this will aid you in determining if you would like to purchase multiples or re-use scenery for more than one work

Standing adult figures are 4-4.5 inches, with the other figures proportional.

The baby and young children do not come with bases. Some customers use velcro, others string, for these figures to be moved from one adult figure to another. The boy with the cane - it is best to use a toothpick for him as this tiny piece comes up missing all the time (little fingers like to pocket them!) and this will be the most cost and time-efficient for you.

Wood-cut scenery and fabric pieces available below. Fabric selections come with all that you need for what is noted (ie the felt set includes enough felt for all presentations, when cut properly). The numbers next to each wood-cut piece indicate the session numbers which require that material, as a guide if you want to order duplicates.

Looking for other modifications? Or need just specific sets? Please contact us with your request and we will see what we can do for you.

Lenten Soap

Lent is a time for cleaning and for simplicity - this soap is perfect for both purposes. With no scents or other additives, thus pure soap is as simple as it gets. You can use it as is for hand and body washing; or melt it down by grating it and boiling with water to make a liquid soap; or melt it down with less water to pour into cross-shaped molds.

This soap is identical to our Just Plain Soap repackaged in simple Lenten style.

Using lye and vegetable oils, animal fats or both, we have created a complete soap - this soap is not "glycerin soap" - all glycerin is mixed back in as it begins to separate, so that you are getting a truly "complete" soap. This glycerin is removed from store-bought soaps but is a natural moisturizer.

Bulk Soap is for those re-creating in large batches - it will come in varying sizes that total your order amount, individually wrapped in wax paper.

Individual Bar Soap will come in 4.0-5.5 ounce bars, individually wrapped and labeled. This packaging is best for families who wish to use the individual bars as they are, or would like each person to create their own individualized bar of soap.

Ingredients: Water; Sodium Hydroxide (lye); (choice of) vegetable or animal fat; vitamin E

If you would like a specific oil or fat to be used, please indicate in the box below.
Currently our soaps use tallow (beef fat), safflower and soybean oils.

<td>Kids Great Adventure - Card Game</td>
<td>The Great Adventure Kids Bible Card Game Set is a fun-filled and beautifully illustrated system designed to teach children as young as three the &quot;big picture&quot; of salvation history. Kids young and old — and adults, too — will have fun while learning the story of the Bible. Instructions for five games are included, from the easier &quot;Go Fish&quot; and &quot;Rummy&quot; concepts to the more complex &quot;Doubt it&quot; and &quot;Spoons.&quot; These cards are designed to help players learn the progression of the periods of Bible history by color as well as recognize key characters, events and Bible references. The games can be played with a small group or with a larger one in a classroom or religious education setting. Family Anecdote: When we play the easier card games (matching and go-fish, etc), we place our matches on the timeline to begin placing them chronologically from a very early age.</td>
